MANAGING TRUSTEE'S MESSAGE:-

It is with great pride and pleasure to present you our 36th Annual Activity Report that captures the breadth and impact of our comprehensive portrait of the Organization for the year 2014-2015.

With the Prime Minister emphasizing on “Make in India” and a separate Union Minister for Skill Development who is in- charge of combined activities in Entrepreneurship and skill sector development these are exciting times to be in this sector. Moreover, with the Corporate Social Responsibility (CSR) bill in place there is going to be immense role of companies playing a vital link in the development of this sector. This is an important development as NGOs like us will be benefitting and more funds can be expected in this sector.

D.N.P.E.T. is a great platform for the youth who actually can contribute to the country's development. A nation can become better when more of its youth are educated, and when this education is used for the greater good of the nation. India is leaping ahead of most other nation in terms of infrastructure and opportunities, but there is still work to be done towards changing the basic mindset.

In all our activities, I would like to put on record that the achievement of the past and realization of our future will not be possible without valuable support of Organization like, Ministry of Social Justice & Empowerment – New Delhi, National Institute for Entrepreneurship Small Business Development (NIESBUD), under the Ministry of MSME, Govt. of India, Department of Industries & Mines – Govt. of Gujarat & Department of Employment & Training – Gandhinagar.

The objective of this endeavour is to share our field level experiences with all the stakeholders and those who have concern for the rehabilitation work for human being. In all the fundamental mission is of Education and Social Activities also guide us.

Once again, I would like to thank every member of the organization's executive Council, office Bearer, and each member who have volunteered their time & energy and had been part of the organizations activities this past year.

As we continually strive to fulfill this mission, I am sure that along with these partner organizations many more Organizations will cooperate and come forward to support us in making a positive contribution for the humanitarian case.

ABOUT THE INSTITUTION:

D.N. Polytechnic is an **autonomous, non-profit, non-political and non-sectarian Organization** set up in **1975**. It has been registered under the **Bombay Public Trust Act: 1950** on **22nd January, 1979** (Registration No. E -3412).

Since its inception the Organization has been involved in various training, development and awareness programs across India. Organization has been grooming young entrepreneurs, mainly from socially and economically backward class, in the field of industry. It also strives to seek and help potential entrepreneurs by increasing their interest in vocational training.

The Organization believes that providing **vocational training** is a catalyst in solving the problem of unemployment. Hence, during the period **1975- 2015**, approximately **39500 youth** have been **trained** in the various fields of **Income Generating Activities** and have gained **employment successfully**. D.N. Polytechnic also has **rich experience** in imparting need based **Apparel, Technical & Vocational Training**. It has **well equipped practical laboratories, modern tools & equipment** and **trained technical staff**.

FIELD OF THE ACTIVITIES:

Encouraged with the success and the results oriented impact on the weaker section of the society, as per the need and demand from various sectors, the institutions has developed various Programmes and undertaken activities in the field of –

Awareness Camp	Education
Entrepreneurship	Rural Development
Technical & Skill base Vocational Training	Women & Child Development

An ISO 9001- 2008 Certified

In addition to successful development of Programmes covering wide spectrum, Organization has also implemented and monitored various activities at various locations.

PARTNERSHIP IN DEVELOPMENT:

The Organization has partnered for development, implementation and monitoring of various activities with many National and International Agencies like,

- Ministry of Social Justice & Empowerment (SCD) – New Delhi,
- National Institute for Entrepreneurship Small Business Development (NIESBUD), under the Ministry of MSME, Govt. of India,
- Department of Employment & Training – Gandhinagar
- Department of Industries & Mines – Govt. of Gujarat
- Ahmedabad Municipal Corporation
- Development Support Agency of Gujarat (D-SAG)
- Empower Pragati – New Delhi
- Indian Red Cross Society

The Vision of the Organization is to emerge as one of the leading Non Government Organization providing result oriented services covering all the aspects of human need.

OUR MISSION

- Life becomes more meaningful only when we grasp the character of the students.
- Our mission is to lead the students to face the new, millennium with the confidence and power of using technology effectively.
- It aims to enhance the efficiency of the overall employment process and improve productivity of the workforce.
- D.N. Polytechnic will develop the youth through imparting need base technical input for productive career in technical line.

An ISO 9001- 2008 Certified

- It is also our wish that the education and training obtained leads to a satisfying life and a personal commitment to lifelong learning.
- We yearn to spearhead the Entrepreneurship Movement throughout the Country and in developing the Nation through Education, Research, and Training.
- Thus leading to acceleration in industrial growth through increase in new entrepreneurs and strengthening the performance of existing ones.
- Institution is committed to offering high quality curricula in vocational line and continuing professional development programs.
- Each of the disciplines' that is offered in the Institute is consistent with the institutional resources and Market demand.

OUR MOTTO

Entrepreneurs are not born only but can be developed also through well Conceived Training Intervention.

OBJECTIVES

We strategize to achieve our Mission by the following tasks:

- To provide youth a broad liberal education that ensures the intellectual development commensurate with the needs of twenty first century citizenship.
- To equip youth with basic professional education in technical line that enables them to compete effectively in the employment market, seek professional registration.
- Build a database of employment seekers and linking them to potential employers.
- Collect and disseminate information on potential employers, self-employment avenues, and loan schemes etc. to delve employment opportunities.
- Facilitate massive recruitment drive for both general and special category people.
- Undertake career counseling.

An ISO 9001- 2008 Certified

- To give the youth, the ability to work effectively both individually as well as in a multidisciplinary team, on technical and non-technical factors such as economic matters, environmental concerns, culture and social factors and matters of professional and personal ethics.
- Enhance the written and verbal communication skills of the trained youth.
- To equip the youth with presentation skills, so that they become effective in making verbal and written presentations.

ROLES AND FUNCTIONS:

- To organize and promote youth activities in various districts of Gujarat.
- To provide guidelines regarding registration, recognition and planning of youth activities in the rural and urban areas.
- To facilitate economic independence among the rural youth by providing vocational training and facilities for translating their skills in to self-employment ventures.
- To plan and promote cultural, and sports activities for youth.
- To increase the awareness level amongst the rural folks through adult literacy, post literacy programs, personality development programs, communication skill development programs, etc.
- To make available certain basic amenities to the deprived classes by mobilizing rural masses to construct approach road, low cost houses, drainage and rural electrification.
- To develop a constructive outlook for solving the local problems.
- To enable the rural youth to inculcate in them the qualities of leadership.
- To promote development programs for the upliftment of the people of scheduled caste, scheduled tribe, socially and economically backward communities, and minorities.
- To implement various youth programs in coordination with the several stakeholders.

OUR APPROACH

We impel our way to fulfill the objectives in the manner described:

- Students are informed of the objectives and how their achievements will be measured.
- D.N. Polytechnic develops the students in a five-tier system.

An ISO 9001- 2008 Certified

1. The students are taught the theory and its commercial uses in the classroom training.
 2. The students are given the practical exposure, which account for nearly 70% time and may increase according to the needs of the trade and remaining 30% is devoted to theory.
 3. The students are sent to workshops, small industries, factory, and repairing houses either for on -job training or industrial working exposure.
 4. The necessary entrepreneurial management inputs are also given.
 5. The students formulate their project report & loan application to be submitted at financial institutions.
- The trainer's roles are not just training but also to manage, direct the use of available resources, coordinate and pass information, etc.
 - It is realized that imparting technical skills alone would not spontaneously result into income generating activities for the beneficiaries. Hence, the institution has gone a step further in facilitating apprenticeship for the students in various industries in order to get experience and thereafter provide kits to the trained persons so that they can seek self-employment.
 - The Institution facilitates for obtaining finance through commercial banks for the trained persons who translate their skills into income generating activity by way of tiny/small ventures, with the help of District Industries Center, Guj. Women Economic Development Corporation – Gandhinagar.

MAJOR ACTIVITIES OF THE INSTITUTION:

A. TRAINING PROGRAMME:

The Institution has been conducting Certificate and Diploma courses for the last 35 years.

B. PROGRAMME IMPLEMENTATION:

The Institution has taken up implementation of entrepreneurship development programme in various districts in Gujarat.

An ISO 9001- 2008 Certified

There are three types of entrepreneurship development Programmes being implemented presently.

C. SPECIAL PROGRAMME:

- **Youth Awareness Camp:** These camps are held annually for the youth to guide them in the right direction, and also for them to engage themselves in productive activities.
- **Child Awareness Camp:** The Organization conducts Child Awareness camp every year to spread the message of importance of education, child's physical and mental development, and awareness against child labor.
- **Self-Employment Guidance Camps:** Ten camps for provide guidance to people in need of employment or desiring self-employment.
- **Environment Consciousness Camps:** Such camps are held to create awareness among the people against pollution and the need for a healthy and green environment. Science fairs are also conducted to spread this message to the general public.
- **Women's Awareness Camp:** The Organization conducts women's awareness camp to instill a sense of confidence among the women so that they realize their status in the society in the sphere of education, and other opportunities.
- Organized Gyan Vardhak Sanskar Shibir Seminar For Child, Youth And Women.
- Published Booklet on Fundamentals of Arithmetic and Key For Success of Child and Youth.
- Organized 2 Blood donation Camps in collaboration With the Indian Red Cross Society Ahmedabad.

PERFORMANCE IN DETAIL:

A. TECHNICAL TRAINING:

1. TECHNICAL APPRENTICE RELATED INSTRUCTION TRAINING:

200 Trainees with ITI Certificates were trained during this current year under N.C.V.T. based Apprentice Training Program. It is mainly for the preparation of All India Trade Test for courses with duration varying from one to three years. All the students are successfully employed. Department of

An ISO 9001- 2008 Certified

Employment and Training, Government of Gujarat had sponsored the training programme. The details of the training are given in the table below.

Sr. No	Name of the Trade	No of Trainees
1	Wireman	40
2	Armature Rewinding	05
3	Auto Electrician	05
4	Linemen	150

2. TECHNICAL & SKILL DEVELOPMENT TRAINING PROGRAM:

Accordingly, a new strategic framework for Technical & Skill development for early school dropouts and existing workers, especially in the unorganized sector in close consultation with industry and micro enterprises in the unorganized sector. We have experts and academia which was essential considering their educational, social and economic background.

Priority will be given to covering those above the age of 16 years who have been or withdrawn as child labour to enable them to learn employable skills in order to get gainful employment. Cluster approach will be adopted with a view to further reducing the incidence of child labour, parents of child labour could also be enrolled on a preferential basis for providing skills so as to improve their employability in the various technical & Skill Development field like, Fashion Design, Electrical, Electronics, Refrigeration & Air-conditioning, Civil & Mechanic.

3. TECHNICAL TRAINING PROGRAM:

Radio & Television VCR Repairing training program was carried out which has sponsored by the **Ministry of Social Justice & Empowerment, (SCD) Government of India, New Delhi. All 80** candidates

An ISO 9001- 2008 Certified

belonging to **scheduled caste** benefited from the training. During the implementation of the project they have been learning syllabus as per Transistor, **Tape, TV Receiver, Basic Electronics etc.**

This has enhanced the economic situation of Youth hence they are able to pull out the whole family from poverty. Mostly all candidates have been getting employment successfully.

4. APPAREL TRAINING PROGRAM:

India is the second largest Country for population in world and if we see the History of any developed country all those country have started growth from Textile industries and then Apparel industries after that they have started investment in high skill products because

Textile & Apparel Industries are totally labor incentive product so we can take more production from our country and Textile is an important industry in Gujarat.

New Opportunities in Apparel and Garments sector have also emerged after dismantling of the textile quota system from 1st Jan. 2005 under the WTO.

Ahmedabad is the biggest Market for Readymade Garment Industries and also Textile products. Observing the present scenario of Apparel Industries, many Investors are investing their money in Apparel Industries and expansion is also going on at existing units, so these Industries require more and more trained man power as early as possible.

Apparel training program was carried out which has been sponsored by the Department of Industries & Mines, Govt. of Gujarat. Total **1080 candidates** benefited from the training. Mostly, all candidates have been getting wage employment successfully.

The campus of the organization is environment friendly and encourages the students to do healthy study and develop good work culture. Trainees from many places enroll every year to gain precious knowledge and experience in Garment Industries.

An ISO 9001- 2008 Certified

5. ENTREPRENEURSHIP SKILL DEVELOPMENT PROGRAM:

DNEP has Signed agreement with the National Institute for Entrepreneurship Small Business Development (**NIESBUD**) under the **Ministry of MSME, Govt. of India**, as a **Partner Institute** we have conducted no. of **ESD Programme** in current year.

We have trained 100 **trainees** under the **ESDP programme** in various technical trades such as **Electrical Gadgets Repairing, Mobile repairing etc.**

Mostly all of the candidates have been getting wages are self employed successfully.

IMPLEMENTATION

1. Entrepreneurship Development Program

The programme focuses on imparting training to potential entrepreneurs from urban location in the earthquake affected regions. Inputs on initiating, conducting and operating business venture will be given to **100 youth and women**. The efforts will possible lead to the establishment of nearly **25 enterprises** and will provide employment opportunities to around **35 persons**. Total **100 potential entrepreneurs** from urban and semi-urban areas are being targeted.

This is a prestigious project in terms of magnitude context and comprehensiveness. Successful completion of the work may help develop replicable models of economic regeneration of disaster-struck regions across the globe and thus earn development status to entrepreneurship. This program is going on successfully.

C. SPECIAL PROGRAMMES

1. GYAN VARDHAK SANSKAR SHIBIR:

An ISO 9001- 2008 Certified

We conducted a number of Gyan Vardhak Sanskar Shibir in Schools, Colleges, and Technical Institutions for the development of fundamental knowledge of Arithmetic, English, Philosophical and Religious Activities amongst youth.

We have published a book that provides a novel way of putting the ideas of our current education, which is devoid of moral values along with various elements of our rich spiritual inheritance. A student going through these books will acquire not only knowledge in Arithmetic, English, Philosophy and Religious Activities but also will become a good human being. This is a very commendable effort since it also gives some information about their future career planning.

Around **30000** youth and women have benefited from this activity during the current year. A number of workshops were conducted for the heads of various private and municipal schools in the state. The workshops were sponsored by the Department of Social Welfare. This is a sincere effort and attempt made to inspire moral values building along with developing educational learning and Achievement Motivation for self-employment in youth.
